SUBJECT: Procedures for Handling Special Requests for
 Changes in Foreign Assistance (C)

This memorandum describes the process for handling special requests which arise during the year for adjustments in established levels or terms of foreign assistance to a country. These requests often result from significant changes in country conditions that have implications for U.S. national interests, and they frequently coincide with state visits or high-level American visits overseas. These requests for adjustments include: (C)

- Commitment of resources which would call for an increase in current or future budgets;
- Major reallocation of existing resources; and
- Changing terms of assistance in a manner that raises policy issues. (C)

Such requests shall be reviewed by an ad hoc group chaired by the Under Secretary of State for Security Assistance, Science and Technology (T) with the Administrator of AID as vice-chairman. The group will be composed of representatives from OMB, NSC, AID, Treasury, CIA, DOD, USDA and others as appropriate depending upon the nature of the request. (C)

In conjunction with AID, T will issue instructions to relevant offices within State and AID and to other departments defining the process for review. This process will make provision for obtaining final positions from relevant agency heads. Recommendations on issues that
